Modular base system

Multi-functional base adapts to training, negotiation, meeting and office scene needs.

Breathable Hollow Back

Break the monotonous image of traditional office chairs, relief from long-term sitting.

4° Forward Tilting

When the body's center of gravity naturally moves forward, the hip and back muscles don't need to be tightened to maintain a comfortable sitting posture.

9° Back Tilting

117° angle swing makes long-term negotiations a comfortable experience
